AZ CODE OF JUDICIAL
DOCUMENT CONTROL

Dear Chairman Spitzer at mspitzer@cc.state.az.us and members of the Arizona Corporation Commission:

Below is the form letter that I am passing on to you in the hope that someone comes to their senses. You will receive many of these letters. However, the first paragraph is from me personally and as such:

As a winter visitor with a service business, my electrical use is indeed quite minimal. However, as an investor and property developer, the high cost of utilities combined with the possible lack of water in this region would and is causing my investors to take a second look at investing here. This rate increase will not be at all favorable to future growth and will cause myself and others to look elsewhere for their investable dollars.

I am a resident of Lake Havasu City and a customer of CitizensÆ Arizona Electric Utility. On May 1 the Corporation Commission conducted a hearing in Phoenix regarding the proposed acquisition of CitizensÆ Arizona Electric and Gas Divisions by Unisource Energy Corporation; CitizensÆ Electric DivisionÆs request to recover costs stemming from an increase in the cost of electricity (Purchased Power Fuel Adjustor Case); and a pending rate case for CitizensÆ Gas Division. Recently, Administrative Law Judge Dwight D. Nodes rendered his opinion to the Commission and recommended you approve a 22% increase in the cost of electricity (Purchased Power Fuel Adjustor Case) for several regions in Arizona, including Lake Havasu City.

I oppose the proposed 22% increase in the cost of electricity. While price increases for goods and services are inevitable, a 22% increase in utility rates under which all citizens must bear would severely impact our local economy and will hinder the growth and reduce the quality of life in Lake Havasu City. The ratepayerÆs were not involved in the poor decisions made by CitizensÆ management team and therefore, CitizensÆ shareholders and not the ratepayers should be required to bear the burden of the error in judgment made by CitizensÆ management.

It is our understanding the Commission will make its ruling on this issue during an open meeting in Phoenix on either July 1 or 2. I urge you to listen to the residents and voters in Lake Havasu City, consider the negative affect a double digit increase in electric rates would bring to our community, and disallow the increase in rates as currently proposed.

Arizona Corporation Commission
